I learned here about Computer & Programming Fundamentals, Data Structures, Database Management and Web Designing.

Delhi Institute of Computer Science, Faridabad — PDSE

MARCH 2016 - SEPTEMBER 2017

I learned here the basics of computer an programming.Here I developed some basic program in C, C# and PHP.

Govt. Model Sr. Sec. School, Sarai Khwaja — 12th

MARCH 2016

Here I learnt the basics of Physics,Chemistry and Math.

PROJECTS

Library Management System — PHP Laravel
https://laralib.herokuapp.com

A Library Management System with Admin and User Authentication system, where you can manage users (students), books, authors, and issue logs. It also has an automatic fine calculation for the late returned book.

Laravel Ecommerce — PHP Laravel
https://mi-dukaan.herokuapp.com

Laravel Ecommerce is an app where users can browse, add to cart and order items. This also includes a site management system for admin. Razorpay is used as a Payment Gateway.

Ediary— E-diary Web App
https://appediary.herokuapp.com

Ediary is a diary taking app where users can log in and save and later read the entry, and further, I would add some additional features to it.
